

GOVERNMENT OF ODISHA
DEPARTMENT OF ENERGY

By Fax

No. R&R-04/15 4546 /En, dated 19/5/15

From

Sri S.C. Mahapatra, IAS,
Principal Secretary to Govt.

To

The CEO, CESU, Bhubaneswar/
Authorised Officers, SOUTHCO/WESCO/NESCO.

Sub- Action points on "Make-in-India".

Sir,

You are aware that Govt. of India is making a Platform wherein assessment framework on Ease of Doing Business under 'Make-in-India' programme has been taken up in big way.

Apropos, it has been decided to change certain guidelines to make the Ease of Doing Business much faster & user friendly pertaining to Energy Sector. Against this backdrop you will be happy to know that Govt. have been pleased to approve fixed cost amounting to Rs.6000/- per KVA on Contract demand if the new industry is coming up within the Industrial Estate/ Urban Area where infrastructure is available and Rs.11,300/- per KVA on Contract demand outside the Industrial Estate/ Urban Areas where infrastructure has to be created for giving power supply to New Industry. The rate is applicable for the year 2015-16 and to revise from time to time by DISCOMs.

Further, the timeline for LT connection will be 15 working days where Electrical Infrastructure is available and 30 working days where electrical infrastructure is to be created. The date will come into force only after receiving the application complete in all respect (application complete in all respect means all the dues i.e. fixed cost per KVA, Security Deposit has been cleared).

It is, therefore, requested to take necessary steps to adopt the same and issue instruction to your Field Officers accordingly.

Yours faithfully,

Principal Secretary to Govt.
